

## REMARKS

This Amendment is submitted in connection with the conference with the Examiner.

During the conference the Examiner indicated that Claims 11-18 could be considered by him as being in allowable condition.

At the same time, Claim 19, the broadest claim defining the electrical machine, together with Claims 20-22 which depend on it, were not in allowable condition.

With the present Amendment applicant's cancelled Claims 19-22.

It is therefore respectfully requested that the present application now contains only allowable claims.

Reconsideration and allowance of the present application is most respectfully requested.

Should the Examiner require or consider it advisable that the specification, claims and/or drawing be further amended or corrected in formal respects to put this case in condition for final allowance, then it is requested that

such amendments or corrections be carried out by Examiner's Amendment and the case passed to issue. Alternatively, should the Examiner feel that a personal discussion might be helpful in advancing the case to allowance, he or she is invited to telephone the undersigned at 1-631-549 4700.

Respectfully submitted,  
/Michael J. Striker/
